

HEATH VILLAGE

February 21, 2025

Hello everyone,

We are currently in a COVID outbreak in the Meadows, with several residents who have tested positive over the last week. Additionally, we are also experiencing a flu outbreak in Mayflower House. Congregate dining and activities groups have been suspended for a time until these outbreaks have passed. Families and friends are still able to visit, but the use of masks and not visiting if feeling under the weather are very important.

We are continuing to encourage residents to please wear a mask in public, indoor areas for now. We do realize it is an inconvenience, but it does make a difference, and is less inconvenient than contracting the flu or COVID for sure.

Masks continue to be available at the front desk if you need them.

Thank you all for your patience and cooperation, it is greatly appreciated.

All the best,

Mary Ellen
